Lancashire Lad and Free! Stone were most fanced in the opener, the latter being played at even money at post time, after opening at \$t to 1. Lancashire Lad was a false alaym and was never in the hunt. Basketball Controversy.

There is considerable argument going the rounds at the L. D. S. university in regard to the coming basketball season. The main question being discussed is whether the "S" team will play in the High School or the College league. This question has been up before. Last year the L. D. S. team was admitted without the usual controversy, but from indications just now it looks as if the matter will not be definitely settled until the meeting of the coaches from the various schools is held.

In the interclass series at the L. D. S. university this week the sophomores defeated the freshmen by a score of 16 to 13, while the fast business college team, which was looked upon as the leader in the race for the class pennant, lost to the juniors by a score of 11 to 25, the chauffeurs to Give Ball.
